## **SCHEDULE OF COURSES FOR THE YEAR 2018**

*It's not just about training your workforce. It's about progress. Our training is guaranteed to help your business move forward with the right technology and the right skills. We offer everything from one or two-day seminars, short courses to exceptional, in-depth diplomas that will elevate the technical abilities of your team, aligning learning to key business objectives and close skills gaps in critical areas.*

### **Achieve your goals with the right training to suit your learning needs**

We are committed to helping you train a handful of employees or your entire organization on software essentials and advanced programming and productivity techniques. Our comprehensive training libraries cover topics related to graphics design, web and mobile app design, multimedia, software development & programming, as well as communication & office productivity tools.

Our flexible and scalable options are well-suited for companies of any size. We work with leading organizations to positively impact workforce productivity and efficiency. Our solutions are proven to increase utilization of software investments and provide the confidence to continue to invest as new software applications become available. Don't wait any longer to get the best training on the latest productivity and software tools provided by Adobe, Apple, and Microsoft. Take advantage of discounts on multi-user, and reap the benefits of having a well-trained staff.

### **Tailor-Made Courses**

Over the years, Firstlincoln has consolidated its relationships with numerous key clients by assisting them in delivering in-house and tailor-made training courses. Such customised training solutions not only give a cost benefit to the respective client, but also provide the added advantage of adapting the course to address their specific requirements.

The vast amount of expertise possessed by Firstlincoln's training consultants puts us in an ideal position to develop almost any course in the fields of information technology. In order to ensure that the client derives maximum benefit from such training, our experts work closely with the organization to design a comprehensive package. Such packages include pre- and post-assessment of the capabilities, and more importantly the skills gap of the attendees, to guarantee the appropriate training solutions are devised.

## Leverage on our Outsourcing Service

### The team you need. The outcomes you want. Just Faster.

The world of work is changing faster than ever and the old rules of business are losing their relevance. No longer does money or technology guarantee growth and productivity. We have entered the Human Age, where people are the real agents of business success.

Those people- individuals with needed skills and experience - have become the scarcest business resources, especially in the field of Information Technology. We are Firstlincoln Technologies and we bring you innovative workforce solutions that power your business success and make the seemingly impossible humanly possible.

We work in partnership with discerning and prestigious clients, sourcing highly qualified and motivated individuals for roles in many information technology specializations, including:

- Website Developer
- Software Developer
- Web Application Developer
- Systems/Network Admin
- Programmer
- Mobile App Developer
- IT Sales – Pre Sales Support
- Graphic Designer
- DBA
- Network Administration
- Technical Architect
- Hardware Engineer
- IT Trainer
- IT Manager
- Network Analyst
- Other IT & Telecoms specialization

#### How It Works

1. Provide us with a Job Description
2. We will select from our pool of trained talented professionals based on your requirements and outsource to you.

3. The candidate becomes a member of your in-house team working the same office hours as you or remotely from our office.
4. We handle regular performance reviews and all local administration inclusive of payroll, HR and operational software for your outsourced employee

With Firstlincoln Outsource services you can scale your organization quickly, easily and cost-effectively by leveraging on our fixed and variable length contracts to fill your permanent or short-term positions.

To get started email [sourcing@firstlincoln.net](mailto:sourcing@firstlincoln.net) or call 09081669518, 08023698610. Read more at [firstlincoln.net/outsourcing](http://firstlincoln.net/outsourcing)

everything from the fundamentals of security and security auditing to the latest in digital forensics and malware analysis techniques.

### Our Triple Guarantee

## Firstlincoln Technologies Qualifications

We've come a long way over the last decade to become one of Nigeria's leading full-service digital agency. Our unwavering commitment to being at the forefront of technology and innovation has earned us a reputation as the 'go-to' agency for projects where a high level of technical expertise is required. We provide bespoke technological solutions using the best state of the art technologies for training, content management systems, e-commerce, mobile applications, SEO, cloud applications and integrated solutions - so we're able to match the best technology to the needs of your business.

Our team are split into technology-specific teams to ensure that each project and training gets the expertise and attention it needs, whilst we also have dedicated digital marketing and creative design teams. We work directly with clients, providing full-service digital technology solutions and collaborate with advertising, branding and creative agencies in need of innovative and consultancy services in the field of information and communication technology.

Our outsourcing range of services was set up to disrupt and go above and beyond any other provider in the IT outsourcing industry. We act as a long-term strategic partner for clients and help them grow their business working as an extension of their in-house teams. We are totally committed to taking an open, honest and ethical approach to IT staff recruiting, being proactive and always aiming to be the best in the IT industry. Our people are knowledgeable, experienced, ready to listen and learn. Our culture is based on partnership – with our clients, our candidates and each other. And in everything we do, we're accountable, responsible and thoroughly professional.

Firstlincoln has built a nationwide consulting practice and provided services to many organizations from a variety of industries and several branches of the federal government.

In recognition of our achievements in the Information Technology sector in Nigeria, Firstlincoln was nominated for the **FUTURE AWARD** as the "Best Use of Technology" in **2008 and 2011**. **Africa Communication Award 2012** as the designer of "*The Most Innovative Product*" and recently the **Nigeria Technology Awards** as the **best website designer of 2015 & 2017**.

Firstlincoln's entire corporate mission is dedicated to the business of assisting clients in the design, implementation, and operation of business solutions that improve productivity and service delivery. Therefore, Information Technology related projects, training and consultancy services are not secondary to other Firstlincoln consultancy services. It is the central focus of our corporate experience and expertise.

Finalist Most Innovative Product 2012

Best use of Technology 2008 & 2010,  
Nominee

Nominee Best Website Designer 2015
